

Rototech

New IEC 'Ex d' Motors

Explosion Proof Brake Three Phase induction Motor

Type: YB2EJ

Protection Type : Frameproof Enclosure "d"

Frame Size : 132 - 160

Marking: Ex d , Group IIB , Protection IP55/56/66

Temperature Class T4 & S2 25 min /

Temperature Class T5 & S2 18 min

Insulation Class F/H.

PREMIUM
EFFICIENCY
IP66

Three phase Induction Motor YB2 Series

Type: YB2

Protection Type : Frameproof

Frame Size : 250 & 280

Marking: Ex d , Group I/ IIB , Protection IP55/56/66

Temperature Class T4 /T5.

Insulation Class F/H.

High Voltage Explosion Proof Three Phase Motor

Type: YB2

Protection Type : Frameproof

Frame Size : 355

Marking: Ex d , Group I/ IIB , Protection IP55/56/66

Temperature Class T4 .

Insulation Class F/H.
